FIREPAC

WHY FIREPAC MATTERS FOR RETIRED MEMBERS

Retirement doesn't mean the decisions made in Washington stop affecting you.

FIREPAC is the IAFF's political action fund, supported by voluntary contributions from members – not union dues. It helps the IAFF elect candidates from both parties who support fire fighters, strengthening our voice on the issues that affect members' jobs, health, retirement, and families.

By continuing to support FIREPAC, retired members help ensure the IAFF can keep delivering historic victories in Washington, D.C.

WHAT FIREPAC HAS HELPED DELIVER

WEP/GPO REPEALED

After years of advocacy, the IAFF helped pass the Social Security Fairness Act, officially repealing the Windfall Elimination Provision (WEP) and Government Pension Offset (GPO). This historic victory has returned more than $17 billion in Social Security benefits to millions of retired public servants, including IAFF members and their families.

OTHER KEY VICTORIES

- Honoring Our Fallen Heroes Act signed into law
- Permanent funding secured for the World Trade Center Health Program
- AFG/SAFER grants reauthorized
- Dozens of pro-fire fighter candidates elected

WHAT FIREPAC IS STILL FIGHTING FOR

PROTECTING YOUR RETIREMENT SECURITY

Maintain the gains won through the Social Security Fairness Act and continue fighting to ensure retired IAFF members receive the full retirement benefits they've earned.

PROTECTING YOUR HEALTH

Advance legislation that strengthens protections for fire fighters diagnosed with occupational cancer and other job-related illnesses, and expands research into occupational health risks.

EXPANDING YOUR HEALTH CARE OPTIONS

Pass the Expanding Health Care Options for First Responders Act to allow retired fire fighters to buy into Medicare before age 65, helping to bridge the health care coverage gap.

CONTINUE SUPPORTING FIREPAC

Your continued support of FIREPAC helps elect candidates who stand with fire fighters and retirees on the issues that matter most.
