IAFF Mourns the Loss of Ed McMahon

Washington, DC – International Association of Fire Fighters General President and Vice President of the Muscular Dystrophy Association Harold Schaitberger today issued the following statement on the death of Ed McMahon:

“Ed McMahon was a great friend to the members of the International Association of Fire Fighters. A true entertainer who also selflessly served his country as a Marine pilot in World War II and the Korean War, and who gave his time, heart and soul to help Jerry’s Kids and the families of those who are battling muscular dystrophy.

“The IAFF has raised money for MDA since 1954. For many years, we were lucky enough to share the stage with Ed and witness his noble devotion to MDA’s cause. We send our thoughts and prayers to his wife, Pamela, and his loving children. Thank you for the gift of your life, Ed. We will miss you.”

The International Association of Fire Fighters, headquartered in Washington, DC, is the leading advocate in North America for the safety and training of fire fighters and paramedics. The IAFF represents more than 295,000 full-time professional fire fighters and paramedics who protect communities in every state in the United States and every province in Canada. Since 1954, the IAFF has raised more than \$375 million for the Muscular Dystrophy Association. More information is available at www.iaff.org
