

PRESENTATION HELMETS

DELIVERY AND ORDERING INFORMATION

“There is no better way for public officials to learn firsthand what fire fighters and paramedics really do than to go through a program like this.”

IAFF General President -- Harold A. Schaitberger

As President Schaitberger notes, the IAFF FIRE OPS 101 program has proven to be a huge success for many of our locals. Many of you who have run FIRE OPS 101 programs have requested helmets for the participants to wear and keep. We have found sending your FIRE OPS 101 participants home with their name on a custom lettered gift helmet that THEY actually wore during the operation, increases the chances they will remember the lessons of Fire OPS 101 long after the exercise itself. The photo opportunities these helmets promote at the event also extend the exercise's efficiency by ensuring broader media coverage.

The IAFF has therefore negotiated a below cost price for these presentation helmets of \$99.00 Delivered. So please, these helmets can only be used for FIRE OPS 101 presentation purposes.

For \$99, you will receive:

- A black traditional fire helmet as pictured (White, Red and Yellow also available)
- A customized IAFF “Fire OPS 101” leather front as pictured.
- Where “IAFF” is shown in the picture, you may substitute your participants’ last name (and rank if space allows).
- Please allow 4 weeks for delivery of these custom made helmets (you can check if you need quicker delivery but allowing 4 weeks will ensure you will always have the helmets when you need them).

Contact Morning Pride Manufacturing, Hollie Winhoven at hollie.winhoven@honeywell.com or 937-264-2662, ext. 228 to order. Hollie will work with you to track your order, ensure delivery on time to the address requested, and handle any questions, etc. Hollie will need that information from you, as well as a PO number or written order. Total Fire Group will bill your Local and reference the PO.
