A member is only eligible for assistance if he or she had a catastrophic loss of their home that makes the dwelling unlivable. The member must provide evidence of home destruction (e.g. picture) and a statement that he/she was displaced from his or her home. Any disbursement from the fund shall only be made to current IAFF members suffering a catastrophic loss with resulting financial hardship following such a disaster and shall not be granted to cover costs to perform building or property repairs, renovation or construction. Disbursements shall only be granted for immediate housing, food, medical supplies and services, clothing and other similar disaster relief. The maximum amount of any grant shall be \$500 for any single disaster occurrence. Disaster Relief Funds are for immediate housing, food, medical supplies and services, clothing or other similar disaster relief. Funds are NOT awarded for property repairs, renovation or construction. Funds are also NOT for replacement of food after loss of power NOR are funds awarded to members who were required to evacuate their homes prior or during the disaster but where catastrophic damage did not occur. Multiple awards to IAFF members residing in the same household which exceed the above-mentioned dollar limitations shall not be granted. For example, if both the husband and wife are IAFF members, they are only collectively eligible to receive a grant of up to \$500 for a single disaster occurrence.
