Group of SMEs with experience and expertise who will advise the Task Force, share resources, and review Working Group materials

Task Force Advisor

Non-Task Force Advisor

SMEs with a deep level of domain expertise, who will review materials, share resources, and advise the Task Force and Working Groups on WFI

WFI Project Phases

The primary aim of this project is to restructure and refocus the WFI to better serve the unique wellness-fitness needs of the fire service. It includes 6 phases, each with specific objectives and desired outcomes.

P1 Evaluate / Map WFI Resource

Review the existing resource and map the aims, objectives and content to the framework that will be used to support the new WFI.

P2 Task Force SME Meeting

Following several virtual meetings, task force SMEs will be assigned to working groups and convene in person to discuss priorities, content development.

P3 Task Force City Meetings

Meetings will be scheduled (virtually or in-person) with each task force city to discuss prior / current initiatives, perspectives, etc.

P4 Recommendations / Guidelines

Consolidate information from P3 into 'best in practice' recommendations and 'how to' guidelines to help departments make best use of the WFI.

P5 First Draft of WFI Resource

Produce a first draft of the resource. Supplementary resources and best-available evidence will be included as Appendix material.

P6 Review, Approval and Promotion of WFI

Stakeholders will be asked to provide feedback regarding the scope, accessibility, inclusivity, usability, and appeal of the WFI resource.
