INTERNATIONAL ASSOCIATION OF FIRE FIGHTERS

Edward A. Kelly
General President

Dear potential IAFF affiliate,

Since 1918, the International Association of Fire Fighters has been committed to advancing the rights, safety, and future of fire fighters and emergency medical workers.

By standing together, we have secured better pay and benefits, safer working conditions, and stronger pension protections for members in the United States and Canada. Joining the IAFF gives you a seat at the table, ensuring you have a voice in decisions that impact your job, your future, and your family.

This toolkit will guide you through the many benefits of joining our union. We are strong together – and I look forward to the possibility of your affiliate becoming part of the IAFF as we fight to improve the lives and livelihoods of our members.

Be You. Be Strong. Be Fire Fighters.

Sincerely,

Edward A. Kelly
General President
