INCREDIBLE SITE GROWTH

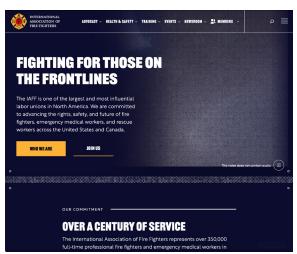

As traditional media disappears and coverage diminishes, the IAFF has remade its communications strategy and today functions more like a traditional newsroom – mixing its popular print magazine with new digital distribution channels.

Our success is most noticeable on the new IAFF.org website, which we relaunched in the first quarter of 2024.

Our most recent 3-month average (Sept. 2024 through Nov. 2024) is now 247,756 sessions per month.

Good afternoon. With IAFF members on the frontlines of the tragic California fires, the IAFF Foundation is preparing to deploy resources to support impacted members and families. **In this week's Frontline**, we're also celebrating a historic win as the Social Security Fairness Act, decades in the making, has finally become law, securing the benefits our retirees earned. At ALTS 2025, IAFF members came together in a powerful show of resilience and unity following a terrorist attack in New Orleans, and in New Jersey, Local 3249 fire fighters put their cold-water rescue training to the ultimate test, saving lives the very same day.

ART GUIDELINES

Art should be provided at 300 dpi for a highquality print.

Color format should be CMYK to ensure proper printing. If using RGB, it will be converted to CMYK upon printing. No 4-color black. It is preferable to set CMYK values to C 0% M 0% Y 0% K 100% to avoid a 4-color/rich black color combination.

To ensure readability, fonts should be a minimum of 10 point.

Bleeds and crop marks are acceptable, but not needed.
