5 \* **Section 1.** The uncodified law of the State of Alaska is amended by adding a new section  
6 to read:

7 FINDINGS. (a) The legislature finds that

8 (1) in December 2019, a novel coronavirus known as severe acute respiratory  
9 syndrome coronavirus 2 (SARS-CoV-2) was first detected in Wuhan, Hubei province,  
10 People's Republic of China, leading to outbreaks of novel coronavirus disease (COVID-19)  
11 that have now spread globally;

12 (2) on January 31, 2020, the United States Secretary of Health and Human  
13 Services declared a public health emergency under 42 U.S.C. 247d (Public Health Service  
14 Act);

15 (3) to date, 50 states have confirmed cases of COVID-19, including  
16 confirmation of community transmission of COVID-19;

17 (4) on March 11, 2020, the commissioner of health and social services  
18 certified to the governor that there is a high probability that COVID-19 presents a credible  
19 threat of an imminent outbreak of the disease in the state, meeting the definition of disaster  
20 under AS 26.23.900(2)(E);

21 (5) on March 11, 2020, the governor issued a declaration of a public health  
22 disaster emergency under AS 26.23.020 in anticipation of the spread of COVID-19 to the  
23 state;

24 (6) in the disaster declaration issued March 11, 2020, the governor found that  
25 a statewide response under AS 18.15.390 is required to address the public health disaster  
26 emergency and authorized the commissioner of health and social services and the adjutant  
27 general of military and veterans' affairs to take all actions necessary to address the public  
28 health disaster emergency;

29 (7) on March 12, 2020, the Department of Health and Social Services and the  
30 governor announced that the first case of COVID-19 was diagnosed in an individual in

1 Anchorage;

2 (8) additional cases of COVID-19 are being diagnosed across the state;

3 (9) the chief medical officer in the Department of Health and Social Services  
4 and the commissioner of health and social services have determined that it will take months of  
5 monitoring and active public health management, including closing public facilities, limiting  
6 public events, and establishing quarantine and isolation protocols and enforcement under  
7 AS 18.15.390, to contain the spread of COVID-19;

8 (10) the adjutant general of the Alaska organized militia has determined that it  
9 may be necessary for the Department of Military and Veterans' Affairs, under the guidance of  
10 the commissioner of health and social services, to use personnel and other resources of the  
11 Department of Health and Social Services to institute actions under AS 26.23.020, including  
12 provisions to perform or facilitate performance of disaster emergency services.

13 (b) Based on the findings in (a) of this section, the legislature finds that it is in the  
14 best interest of the state to extend the public health disaster emergency declaration issued by  
15 the governor on March 11, 2020, and all the powers granted under AS 18.15.390 and  
16 AS 26.23.020, until November 15, 2020.

17 \* **Sec. 2.** The uncodified law of the State of Alaska is amended by adding a new section to  
18 read:

19 PUBLIC HEALTH DISASTER EMERGENCY; EXTENSION OF DISASTER  
20 EMERGENCY. (a) Under AS 26.23.020(c), the Alaska State Legislature extends to  
21 November 15, 2020, the declaration of a public health disaster emergency issued by the  
22 governor on March 11, 2020. The extension under this subsection includes an order,  
23 proclamation, or regulation issued under AS 26.23.020 and an action taken by the Department  
24 of Health and Social Services under the authority granted to the Department of Health and  
25 Social Services under AS 18.15.390.

26 (b) Notwithstanding (a) of this section, if the commissioner of health and social  
27 services certifies to the governor that there is no longer a present outbreak of novel  
28 coronavirus disease (COVID-19) or a credible threat of an imminent outbreak of COVID-19,  
29 the governor shall issue a proclamation that the public health disaster emergency identified in  
30 the declaration issued by the governor on March 11, 2020, no longer exists as of a date  
31 determined by the governor. The certification must be based on specific information received

1 from a state or federal agency or another source that the commissioner determines to be  
2 reliable.

3 (c) The governor shall submit a proclamation issued under (b) of this section to the  
4 revisor of statutes, the president of the senate, the speaker of the house of representatives, and  
5 the lieutenant governor.

6 \* **Sec. 3.** The uncodified law of the State of Alaska is amended by adding a new section to  
7 read:

8 PUBLIC HEALTH DISASTER EMERGENCY; FINANCING PLAN. (a) Under  
9 AS 26.23.020(k), the Alaska State Legislature approves this financing plan for the declaration  
10 of a public health disaster emergency issued by the governor on March 11, 2020, as extended  
11 by sec. 2 of this Act, and provides that the following appropriations and authorizations may be  
12 used to cope with the public health disaster emergency:

19 except for transfers from the Medicaid services appropriation;

20 (4) the appropriations made in CCS HB 205, Department of Health and Social  
21 Services, Thirty-First Alaska State Legislature,

22 (A) of federal receipts received during the fiscal year ending June 30,  
23 2021, for Medicaid services; and

25 emergency response for the purpose of responding to the novel coronavirus disease  
26 (COVID-19) public health disaster emergency; and

27 (5) the appropriation made in CCS HB 205, Thirty-First Alaska State  
28 Legislature, to the disaster relief fund under AS 26.23.300(a).

29 (b) The governor may not expend more than a cumulative total of \$10,000,000 of the  
30 assets of the disaster relief fund under AS 26.23.020(h) - (k) or 26.23.300(b) in response to  
31 the declaration of a public health disaster emergency issued by the governor on March 11,

1 2020, as extended by sec. 2 of this Act.

2 (c) Notwithstanding AS 26.23.050(b), the expenditure of state funds to cope with the  
3 effects of the declaration of a public health disaster emergency issued by the governor on  
4 March 11, 2020, as extended by sec. 2 of this Act, is limited to the appropriations and  
5 expenditure authority identified in (a) and (b) of this section.

6 \* **Sec. 4.** The uncodified law of the State of Alaska is amended by adding a new section to  
7 read:

9 Social Services, or, if the chief medical officer is incapacitated, the chief medical officer's  
10 designee, shall issue standing orders for public health agents and health care providers related

13 be effective until retracted or for the duration of the public health disaster emergency  
14 declaration issued by the governor on March 11, 2020, as extended by sec. 2 of this Act.

15 (b) The chief medical officer in the Department of Health and Social Services is not  
16 liable for civil damages resulting from an act or omission in issuing a standing order  
17 authorized under this section if

18 (1) the standing order

19 (A) is issued to health care providers;

20 (B) is required to mitigate the COVID-19 public health disaster  
21 emergency; and

22 (C) contains sufficient information in support of the need for a  
23 standing order; and

24 (2) the chief medical officer provides sufficient education or training required  
25 to properly implement the standing order, including training manuals, video recordings, and  
26 other reasonable means of implementing the standing order.

27 (c) Except as provided in (d) of this section, a public health agent or health care  
28 provider who takes action based on a standing order issued by the chief medical officer is not

31 negligence, recklessness, or intentional misconduct.

14 contain the spread of COVID-19. The governor shall submit a final report not later than  
15 January 15, 2021, or 60 days after the date the governor determines, under sec. 2 of this Act,

 16 Act, all statutory and regulatory deadlines for action by the Regulatory Commission of Alaska  
 17 are tolled and failure by the Regulatory Commission of Alaska to act on a filing does not  
 18 constitute approval or dismissal by the commission. This section does not apply to a statutory  
 19 or regulatory deadline extended by the commission before March 11, 2020, for good cause  
 20 under AS 42.05.175(f).

24 (a) During the novel coronavirus disease (COVID-19) public health disaster emergency  
 25 declared by the governor on March 11, 2020, as extended by sec. 2 of this Act, a public utility  
 26 as defined in AS 42.05.990 may not disconnect for nonpayment the residential utility service  
 27 of a person experiencing financial hardship related to the COVID-19 public health disaster  
 28 emergency. A public utility shall make reasonable efforts to reconnect utility service to a  
 29 dwelling that is occupied by a person experiencing financial hardship related to the COVID-  
 30 19 public health disaster emergency and that is disconnected for nonpayment on or after  
 31 March 11, 2020.

1 (b) A person seeking protection under (a) of this section shall, before the date the  
 2 governor determines, under sec. 2 of this Act, that the COVID-19 public health disaster  
 3 emergency no longer exists, or before November 15, 2020, whichever is earlier,

 5 perjury, that the person is experiencing financial hardship related to the COVID-19 public  
 6 health disaster emergency; and

7 (2) negotiate and agree to a deferred payment agreement with the utility.

8 (c) This section does not relieve a public utility customer of the obligation to pay for  
 9 utility service or restrict a public utility's ability to recover an amount due.

10 (d) A utility shall offer a person receiving protection under (a) of this section a  
 11 deferred payment agreement allowing repayment over a period of time not shorter than the  
 12 period of time of the public health disaster emergency declared by the governor on March 11,  
 13 2020, as extended by sec. 2 of this Act. The utility may not impose interest or late fees on a  
 14 person receiving protection under (a) of this section who fulfills the terms of a deferred  
 15 payment agreement.

16 (e) Notwithstanding any contrary provision of law, the Regulatory Commission of  
 17 Alaska and the Alaska Energy Authority may not deny a utility otherwise eligible to receive  
 18 power cost equalization payments on behalf of a utility customer power cost equalization  
 19 payments for customers receiving protection under (a) of this section.

20 (f) In this section,

21 (1) "financial hardship" means that a person's liquid assets from any source,  
 22 including payments from the state or federal government because of the COVID-19 public

 25 care, and other goods and services vital to the health and wellness of the person and the  
 26 person's spouse and dependents; in this paragraph, "dependent" has the meaning given in

 3 and extraordinary expenses that result from the novel coronavirus disease (COVID-19) public  
 4 health disaster emergency declared by the governor on March 11, 2020, as extended by sec. 2  
 5 of this Act. The determination as to whether an extraordinary expense resulted from the  
 6 COVID-19 public health disaster emergency and the amortization periods for the regulatory  
 7 assets are subject to approval by the Regulatory Commission of Alaska before recovery  
 8 occurs through future rates. In this section, an "uncollectable residential utility bill" does not

 22 provide to the landlord a signed statement, sworn under penalty of perjury, that the person is  
 23 experiencing financial hardship related to the COVID-19 public health disaster emergency.

24 (c) Nothing in this section

 26 contracts outside of inability to pay rent;

27 (2) may be construed to increase civil liability of a landlord.

28 (d) This section does not relieve a person of the obligation to pay rent or restrict a  
 29 landlord's ability to recover rent due.

3 is entitled to receive the same amount as the individual would have received under other  
4 public assistance programs had there been no Alaska permanent fund dividend program and  
5 no money paid to the individual by another state or federal program because of the COVID-19  
6 outbreak.

7 (d) Notwithstanding AS 43.23.250, until the date the governor determines, under sec.
