NOTE: Members whose homes suffer damage that displaces them from their home (making the dwelling unlivable) are eligible for financial assistance. Members must provide evidence of home destruction (e.g., picture) and a statement that they are displaced from their home. Any disbursement shall only be made to current IAFF members suffering damage that displaces them from their home, resulting in financial hardship following such a disaster and shall not be granted to cover costs to perform building or property repairs, renovation or construction. Disbursements shall only be granted for immediate housing, food, medical supplies and services, clothing and other similar disaster relief. The maximum amount of any grant shall be \$500 for any single disaster occurrence. Funds are also NOT for replacement of food after loss of power, nor are funds awarded to members who are required to evacuate their homes prior or during the disaster, but where catastrophic damage did not occur. Multiple awards to IAFF members residing in the same household exceeding the above-mentioned dollar limitations shall not be granted. For example, if both the husband and wife are IAFF members, they are only collectively eligible to receive one grant of up to \$500 for a single disaster occurrence. All applications for relief must be submitted within 14 days from the date of the disaster using this form. All applications shall be made through the IAFF member's local president or officer.
