

Get FirstNet!

FirstNet® is the broadband communications platform built to meet the unique needs of public safety.

With FirstNet, you get:

- First Priority®, which provides priority access to network capacity at all times
- 24/7/365 customer support
- No throttling for FirstNet subscribers anywhere in the U.S.

Get Started Today:

Visit firstnet.com/signup to create your profile and activate service.

See FirstNet offers at firstnet.com/currentoffers

*To purchase a FirstNet Responder plan as a Subscriber Paid User, you must be a verified current employee of, or active volunteer for, a qualified public safety entity who is providing services or performing functions in the area of law enforcement, fire protection, emergency medical services (including emergency departments at health care facilities), emergency 911 call dispatch, National Guard or emergency management. Your eligibility for FirstNet service will be verified by your public safety entity if it has a FirstNet contract, a Subscriber Paid Foundation Account and active Administrator; if not, through a process begun in an AT&T retail location or firstnet.com/signup. You will be subject to periodic re-verification. You must have an AT&T Wireless Customer Agreement and an individual FirstNet account. You will be limited to 3 FirstNet Responder lines of service —1 each of phone, tablet and wearable. **If you are not a verified Subscriber Paid User or are in violation of the single line limit for each device, AT&T may suspend, change or terminate your FirstNet service.** See firstnet.com/firstnetresponder for verification and other details.
